Notes:

- The table lists the data sets available at pan-EU scale that are free or mainly managed by EU institutions. There are however a large variety of other private products and data which cover most of EU.
- The all lists of all data available through the European Soil Data Centre (ESDAC) is available here: http://eusoils.jrc.ec.europa.eu/library/esdac/OnLine_Data.cfm (from which a number of relevant new products are anticipated).
